### Assignment

Description of a Problem Facing a Country

Length: 3 Pages

Format: APA

Conflict profiles are summaries of problem interactions or troublesome situations within the world. Examples include: Mexico's Drug War, Europe's Debt Troubles, The Arab Spring, Income Disparities Between Coastal and Western China, rainforest depletion, Drought in the Horn of Africa, Prevalence of AIDS in Sub-Saharan Africa, and Religious Strife in Ireland.

Please explain a problem situation involving a country and your explanation of possible solutions. If you can't find a situation in your country you can choose another problem in another country. Obviously these are BIG problems. Your solution might be as simple as describing who needs to participate in discussions to solve the problem.
